

Unique *Vegas*
WEDDINGS

Brand *guide*

Vegas weddings, off-script.

The *logo*

The mark is a wedding ring crowned by a desert star: commitment meets neon. Use the full lockup wherever there's room, and the mark alone for icons and avatars.

RULES

- ☐ Clear space on all sides = the height of the star
- ☐ Minimum width: 140px digital / 1.25 in print
- ☐ Never stretch, recolor outside the palette, add shadows, or place on busy photos without a solid backing

NOTES

Color *palette*

Warm, romantic and desert-born. Rose gold leads, sage grounds it, charcoal makes it read.

PROPORTION

WE AREN'T

- ☐ Salesy or breathless
- ☐ Vague ("affordable packages!")
- ☐ Snobby about chapels or Elvis
- ☐ Making claims we can't back up
